

COVID-19 & your Dental visit

As we learn to live with Covid-19, there are a few simple rules that we wish to implement to maintain the safest of health for our patients and the team:

Please **do not attend** for routine care if:

1. You have had Covid-19 in the last 10 days
2. You have been in close contact with someone with Covid-19 in the last 10 days
3. You have cold or flu like symptoms or a new continuous cough. *These symptoms may well not be Covid-19. We equally do not want to spread any other colds or viruses if possible.*

If you are in need of urgent care and answer yes to any of the above, please contact the practice by phone on 01653 693809 so that we can plan your care appropriately with the necessary safety measures in place.

Patient screening for the above risk factors will still continue via the **Online Patient Portal**. Please continue to use this where possible. If we do not hear from you via the Portal, the reception team will contact you by phone.
